

I bring you greetings from your Royal University of Scir-Hafoc and I pray that this letter finds you filled with the joy of the season.

In my first quarter as the Chancellor of Your Royal University I am pleased to report the success of two outstanding University sessions.

The first was the session, held at Standing Stones. It was gloriously organized by Her Excellency Countess Caillin MacKenzie. The session consisted of 80 fabulous classes, taught by 52 of Calontir's finest teachers. It was attended by 190 students.

The second was the Tailor's Practicum held in the Barony of Forgotten Sea on December 1, 2007. Her Grace Mistress Ariel of Glastonbury Tor organized 8 classes focused on the fashions of the White Painting with about 40 gentles attending.

Your Royal University is looking to the future with the following events
Clothiers Event February 2-3, 2008.

This will be the very first time that RUSH has played a role in Clothiers and I pray that it will just be the beginning of a good partnership!

Bellewode Dance and Heraldic RUSH April 19-20, 2007.

Lilies War- Our major Session of the Royal University

Elizabethan RUSH on August 16-17, 2008 in Lost Moor St Joseph, MO which will focus on a variety of late period classes.

Metal Workers Symposium over the Labor Day weekend (August 29- September 1, 2008) in the Barony of Three Rivers.

Silk Road Symposium for the fall of 2008.

A Rush Session dedicated to the Early Period is in the planning stage.

There has also been talk of a Royal University session that would serve as a CalonCon for the education of Seneschals and other kingdom officials. The new direction of the Royal University to provide theme oriented events as well as more general sessions seems to be working. If there is any event you wish us to organize or if you have suggestions please let me know.

Yours cheerfully in Service,
HL Neathery of Safita
Chancellor of the Royal University of Scir-Hafoc
